

BUILD YOUR FIRE PIT

A GUIDE TO SPECIFYING & ORDERING

Our innovative concrete additive manufactured fire pits feature the state-of-the-art **CROSSFIRE® 2.0** brass burner. Every Mangrove product is made in Michigan using our proprietary SPI (Selective Paste Intrusion) process, hand-finished, and sealed for outdoor use in any climate.

CONSTRUCTION

Large-format concrete additive manufacturing. Hand-finished, sealed, and made in Michigan.

BRASS BURNER

CROSSFIRE® 2.0 solid brass burner with a manufacturer-provided lifetime warranty.

FUEL

Available for natural gas or propane. Confirm the required fuel type when ordering.

LEAD TIME

4 - 6 weeks. Rush production may be available for upcharge.

1. SELECT YOUR DESIGN

LILY

SOVA

STACCATO

2. SELECT YOUR RIM PROFILE

NARROW RIM

TABLE RIM

3. SELECT YOUR COLOR

LIMESTONE

CHARCOAL

Color is integrated directly into the concrete during manufacturing, providing consistent color throughout the material and lasting outdoor performance.

4. SELECT YOUR SIZE

BURNER PLATE	NARROW RIM	PRICE	TABLE RIM	PRICE
18" Circular 100K BTU	Outer Diameter: 28"	\$2,490	Outer Diameter: 40"	\$3,490
24" Circular 140K BTU	Outer Diameter: 34"	\$3,990	Outer Diameter: 46"	\$4,990
30" Circular 240K BTU	Outer Diameter: 40"	\$5,490	Outer Diameter: 52"	\$6,490
36" Circular 300K BTU	Outer Diameter: 46"	\$7,490	Outer Diameter: 58"	\$8,990
48" Circular 420K BTU	Outer Diameter: 58"	\$9,990	Outer Diameter: 70"	\$11,890

5. SELECT YOUR IGNITION TYPE

STANDARD - INCLUDED

Match lit & key valve controlled.

UPGRADE - COBALT™ 12V NG/LP (\$1799)

Electronic ignition system.

6. WHY CROSSFIRE® 2.0 BRASS BURNER

- **Taller, fuller flame.** Patented brass jet design pulls oxygen into the flame path for a more natural fire using less gas than a standard burner.
- **Built to last.** 100% solid brass construction resists rust and corrosion in any climate.
- **Quieter by design.** Engineered internals eliminate the loud hollow sound often associated with other high output burners.
- **Weather-protected.** Weather-protected. The Waterstop™ fitting helps prevent water and debris from entering the gas line and valve system.
- **Backed for life.** Industry-leading lifetime warranty, designed and assembled in the USA.

7. SHIPPING, INSTALLATION, CARE & WARRANTY

SHIPPING

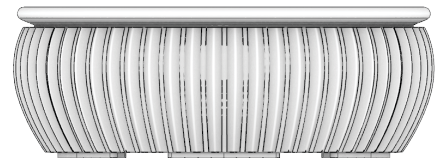

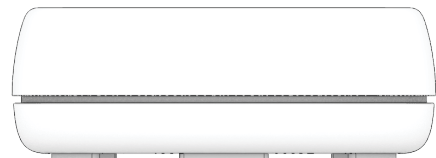

Standard lead time is 4 to 6 weeks; rush production may be available for an upcharge. Freight and delivery logistics are confirmed at order placement. Rolled Lava Rock Infill included.

CARE

Every unit includes a QR code linking to installation and care instructions. Keep the burner plate clear of debris and re-seal the concrete approximately every 2 years, or as needed based on exposure and use.

WARRANTY

The CROSSFIRE® 2.0 burner is covered by Warming Trends' lifetime manufacturer warranty. The Mangrove concrete vessel is covered by a 3-year limited warranty.
